ŽILAVKA

Žilavka is a dry white wine with a gentle and discreet scent of flowers and fresh and fruity taste. It is made from same named indigenous grape variety and its name is derived from the word "žilav," which means "tough" or "resilient". This reflects the grape's ability to withstand the hot climate, drought and poor soils. Overall, Žilavka offers a delightful combination of vivid freshness, fruitiness, and minerality, making it a great choice for those seeking a unique and enjoyable experience.
